

## OSION NEW ICE STORAGE BIN

Keep plenty of ice for your business

### 560 / 760mm Wide, Hold up 120kg /180kg of ice

Osion new ice bin measures 560mm & 760mm wide and will pair with ice machines of the same or lesser widths. It can hold up to 120kg & 180kg of ice at time. Making it a great solution for cafes, bars, and restaurants.

#### Stay-Open Door

Designed with convenience and accessibility in mind, this bin features a foam-insulated stay-open door for your easy scoop ice. Soft rubber trim muffles noise from the bin closing.

#### Internal Scoop Holder

The internal hygienic scoop holder makes lost scoops a thing of the past by keeping it inside the ice when it's not in use.

### Durable, Corrosion Resistant Exterior

This bin is built with 304 stainless steel for durable and corrosion resistant. Also easy to wipe clean and allows it to maintain.

### Adjustable legs

Not all floors are perfectly level, but the adjustable legs on this icebin let you take care of this problem by adjusting each leg for any minor variations in floor grade. This ensures that your bin and ice machine have a perfectly level surface to work on.
